

Invitation

Dr. Cristina Nigg

Leadership Workshop

**Considering carefully -
Using power and ability – Raising the bar.**

Saturday, May 6th, 2017

**St. Virgil Salzburg
Ernst-Grein-Straße 14
5026 Salzburg
www.st.virgil.at**

Topics and goals of the Workshop:

In our work for ZONTA we are challenged with management tasks. The seminar is intended to help the participants reflect on their leadership behavior, to use their strengths and to know which weaknesses of their leadership they want to control consciously. You will acquire and deepen tools for your day-to-day management and learn to use your goals as instruments for planning and as motivation. In a climate of confidence, appreciation and experimentation, ideas are to be collected and action strategies tested.

From my experience the discussion with the following content is helpful and valuable for many people in the field of leadership:

Reflection of one's own leadership behavior
Strategic planning, communication and time management, dealing with conflict potentials and criticism, networks and PR, etc.
